PRODUCT FEATURES

◆ Yozo Office Feature — 『 Integration 』

- Text Document
- Spreadsheet
- Presentation

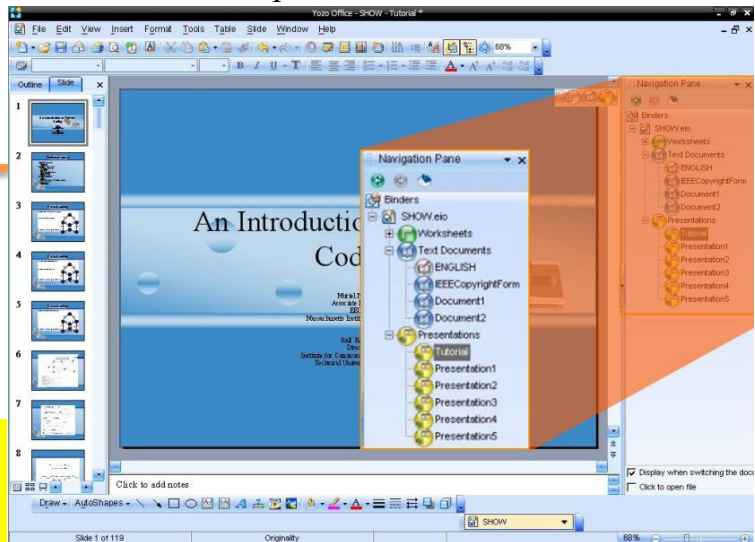

YOZO Office integrates those three office software in one pane

1 Centralized archives management

The three types of archives can be uniformly managed with one binder.

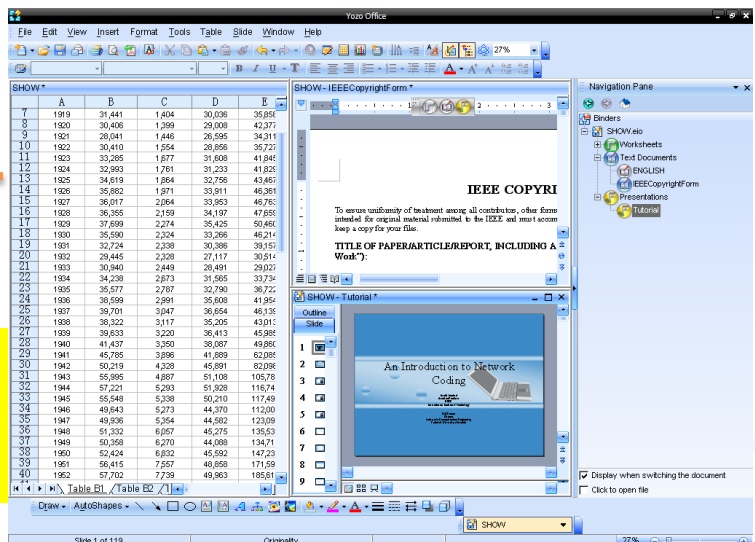

The archives can be separately handled as exemplary case with high efficiency, see Fig. at right side !

2 Application window simultaneous display

Three programs can be displayed on the same page

Data can be refreshed at same time between applicable programs by using paste link function with high working efficiency !

◆ Yozo Office Feature 2 — 『 Media storage 』

The pictures and photos, music and movies, word processing and presentation graphic archives can be inserted into storage cells in electronic sheet as so called “Information Integration Storage Cells”.
